The Parampàmpoli

In 1960 the 'Parampàmpoli' was born: near the "fogolàr" (bonfire), while Giordano Purin mixed the coffee, the wine and grappa ... everything was on fire!

From that mistake the 'Parampàmpoli' was born, which from that moment, has continued to spark the desire to be together ! Today it has become a ritual that spreads the atmosphere of the party.

Much more than ...

a mountain refuge, a hospitable environment for a perfect evening with friends.

In Crucolo's cellar, you will find cold cuts and cheeses of our production, Trentino wines, Grappas, liqueurs and the Parampàmpoli. By tasting the products at home, you will rediscover the festive atmosphere that you experienced in our refuge.
